

Great Eagle Holdings

Investor Presentation

Q1 2025

Highlights of 2024 Annual Results

- The Group recorded a 4.1% increase in total core revenue to HK\$7,833.1 million (2023: HK\$7,522.3 million) mainly attributed to contribution from the ONTOLO project. Nevertheless, the operating income showed an 8.7% decline to HK\$2,885.6 million (2023: HK\$3,161.2 million) and this was partially because of the one-off, non-recurring HK\$300.3 million cost saving following the conclusion of final accounts with the project main contractor of ONTOLO recorded in 2023. Otherwise, our operating income of 2024 largely remained stable.
- The reported earning before interest, taxes, depreciation and amortisation of the Hotels Division excluding those owned by LHI* for the year is HK\$1,105.2 million, which reflected a slight growth of 0.6% from that of last year (2023: HK\$1,098.2 million).
- LHI declared a distribution per Share Stapled Unit of HK1.6 cents for the year 2024 (2023: NIL).
- Distribution income from Champion REIT dropped 13.7% year-on-year to HK\$603.2 million from HK\$698.6 million for the previous year, while management fee income also fell slightly to HK\$303.2 million (2023: HK\$332.8 million).
- Net rental income from our investment portfolio, mainly Great Eagle Centre and serviced apartments, recorded a 2.6% increase to HK\$110.9 million (2023: HK\$108.1 million).
- Finance costs of the Group increased 15.4% to HK\$512.0 million in 2024 (2023: HK\$443.7 million) due to the high interest rates prevailed.
- During the year, the Group had successfully launched the presale of the ONMANTIN project and made steady progress on joint venture developments in Kai Tak and Ma Tau Chung areas.
- The Group had also entered a joint venture on minority shareholding with a Singaporean developer to acquire the hotel portion of a mixed-use development located in the city centre of Kuala Lumpur, Malaysia. The said hotel will be managed by Langham Hotels Management upon completion and is scheduled to be in operation by end of 2027.
- The expansion of midscale Ying'nFlo brand in an asset-light operating model continued, with hotels in major cities of Mainland China including Hangzhou, Nanjing, Wuhan and so on set to launch in 2025.

Notes:

- (a) Core financial positions is derived from sharing the net assets of Champion REIT, LHI and the US Fund. Core EBITDA and net interest expenses are based on the Group's profit from core results, and in particular dividend entitlement from the three subsidiary groups.
- (b) If liquid investments such as investment in linked notes, bonds and equities amounting to HK\$1,120 million as at the end of Dec 2024 are included, then the net consolidated gearing ratio would be reduced from 36.1% to 34.0% whilst net gearing ratio based on core financial position would be reduced from 9.3% to 7.6%.
- (c) In addition to (b), since most of the Group's owned hotels were acquired years ago, their market values well exceed their depreciated costs. Should estimated market value instead of depreciated costs be recognized in the consolidated financial statements for these hotels, the net gearing ratio would be reduced from 36.1% to 26.4% while debt to asset ratio would be reduced from 26.5% to 20.9%.

Development Projects for Sales

ONTOLO, Pak Shek Kok

The site, which is located in Pak Shek Kok, Tai Po and commands spectacularly unobstructed sea views over Tolo Harbour was acquired in May 2014. The development, with a total permissible gross floor area (“GFA”) of 730,870 sq. ft. or saleable area of 635,612 sq. ft., comprising 723 luxury residential units and 456 car parking spaces, was completed in Q4, 2020.

The average sales price of residential units for 2024 was HK\$20,417 per sq. ft. based on saleable area, while the average sales price for the sold car parking spaces was HK\$2.31 million per unit.

During the reporting period, 44 residential units, 29 car parking spaces and one motorcycle space were delivered. Accumulated sales reached 706 residential units, which represented 97.6% of the total 723 residential units. Among such, 669 units had been delivered to buyers as of end 2024.

For the reporting year, ONTOLO reported a sales revenue of HK\$1,340.5 million (2023: HK\$1,075.1 million) and a gross profit of HK\$599.0 million (2023: HK\$798.1 million, which had included an one-off, HK\$300.3 million cost adjustment).

Development Projects for Sales (Continued)

ONMANTIN, Ho Man Tin Residential Development Project

This project comprises a GFA of approximately 742,000 sq. ft., or a saleable area of approximately 664,000 sq. ft., for the development of 990 apartments above Ho Man Tin MTR station under a Development Agreement with MTR Corporation Limited.

Occupation Permit has been obtained in February 2025. The project is expected to be completed and be ready for handover in mid-2025.

Presale was first launched in late April 2024 where market had responded positively with continued sales recorded throughout the reporting period. As of end 2024, accumulated sales had reached 62.5% of total saleable area, or 71.6% of total number of units with sales proceeds amounted to approximately HK\$9.3 billion.

As the sales of units will be recognised to the Group's income statement only upon handover to buyers, therefore, our income statements for the reporting period had not reflected the result from these presale units. It is anticipated that other income, in the form of finance charges associated with the development, will be recorded upon the handover of the units.

Development Projects for Sales (Continued)

NKIL 6590 at Kai Tak, Kowloon Joint Venture Development Project

This is a joint venture project of which the Group had partnered with Sino Land Company Limited (“Sino Land”), China Overseas Land and Investment Limited and Chinese Estates Holdings Limited. Our Group holds a 20% share and Sino Land is the project manager. The total land premium was HK\$5,350 million (about \$5,392 per sq. ft. based on permissible total GFA).

The site has an area of 145,302 sq. ft. and consists of two parcels, notably the eastern and western portion. It is situated within the Kai Tak area with direct access to Sung Wong Toi MTR station via the future underground shopping street. It is planned for a development comprising the majority of residential units, retail podium, underground shopping street, basement carpark and government accommodation with a total maximum GFA of approximately 992,270 sq. ft. (excluding government accommodation).

During the year, site investigation works were completed. The first general building plan (“GBP”) approval was obtained for the western parcel in August 2024. Planning approval was obtained in Q3 2024 and the first GBP submission was made in Q4 2024 for the eastern parcel. Foundation works also commenced for both parcels in 2H 2024.

Occupation Permits for both parcels are expected to obtain in 1H 2029.

Development Projects for Sales (Continued)

KIL 11290, Shing Tak Street / Ma Tau Chung Road, Kowloon City Joint Venture Development Project

This is a joint venture project of which the Group had partnered with Sino Land and China Merchants Land Limited under a development contract with Urban Renewal Authority. The Group holds a 15% share and Sino Land is the project manager. The total land premium was HK\$1,934 million (about \$4,661 per sq. ft. based on permissible total GFA).

The site is situated at Shing Tak Street / Ma Tau Chung Road in Kowloon City with an area of 46,102 sq. ft. and is planned to develop into a composite building of residential units and some shops with a total maximum GFA of around 414,920 sq. ft.

Site possession was obtained in April 2024 and ground investigation works were completed. The first GBP approval was obtained in Q3 2024.

The issuance of Occupation Permit is expected in Q4 2028.

Outlook for the Group's results

- The outlook for 2025 remains challenging as global economy is still constrained by uncertainties arisen from geopolitical tensions, higher interest rates and potential escalation of trade conflicts between the US and Mainland China. Nevertheless, this has been partially mitigated by the opportunities brought by the target policies of the Chinese Government in boosting domestic demand where Hong Kong would also be benefitted.
- Hong Kong's role as a global financial hub is to be reinforced with strategic policies in place to attract talent and capital. The growing demand derived from the quality migrants of Mainland China would continue to provide support to the rental and sales market of residential properties in Hong Kong and this shall help lessening the pressure resulted from the prevailing high inventory level. The Group is optimistic of the medium-term prospect of the Hong Kong property market.
- The outlook for our Hotels Division remains stable amid prevailing challenges. Despite signs of recovery, the industry continues to face operating obstacles including staffing shortages, increase of operation costs and economic uncertainties.
- Headwinds would still cloud the performance of LHI as the hotel sector of Hong Kong is challenged by the rise in more cost-conscious tourists from Mainland China. The increasing operating cost and lingering high rate would impact the overall profitability of LHI and hence its distribution.
- However, the Group is very optimistic of the longer term prospects of tourism globally.
- The high inventory levels still adversely impact the Hong Kong office market, with pressure on rentals for Three Garden Road and Langham Place Office Tower would continue, while performance of Langham Place Mall would stay relatively resilient. The market has lowered the expectation for further rate cuts in 2025 and the higher interest rate would continue impacting the overall profitability of Champion REIT. Nevertheless, amenity upgrade will continue to be rolled out in stages to raise the wellbeing of tenants, to maximise the energy efficiency and hence to make the properties more attractive to its tenants and users.
- The Group will adopt a cautious approach, remain vigilant to potential risks, and monitor market trends closely. By seeking high-quality investment opportunities and leveraging strong liquidity and financial capability, the Group aims to navigate market volatility and achieve sustained, steady growth in the long term.
